

DR. MICHAEL WILLIAM TREMBLAY

30 years of successful experience in practicing medicine

For the last 27 years, my office has consistently served *the Holbrook area* and received a 98% rating on patient satisfaction.

PERSONAL PROFILE

I am currently transitioning back to traditional fee for service medicine to help bring the patient back as the center focus of our care.

PRACTICE HISTORY

I have owned and operated my Family and Sports Medicine facility in Holbrook Massachusetts since 1990. I have operated through several medical groups as a result of mergers and acquisitions.

HOBBIES

Wooden Bowl turning, BMW motorcycles, repairing classic cars. Travel

“Dr. Tremblay has been my doctor for over 10 years. He is a really empathetic person and he always treats you like you are his only patient. He is never rushed, and he consistently goes above and beyond the call of duty to help you when you're not well. He is up-to-date on new studies, and is not stuck in the "old way" of doing things. He remembers everything about you and will talk to you like an old friend!” -Patient

PATIENTS SAY:

“I honestly thought that doctors like this didn't exist anymore. Dr. Tremblay spends time with you! He treats you like a human, he spends time asking you important questions, you don't feel rushed, he's not quick to write a prescription before considering other alternatives, and he seems to really care. Remarkable! They do exist! Other doctors should take note!” -Anonymous

“Dr. Tremblay has been my doctor for over 10 years. He is a really empathetic person and he always treats you like you are his only patient. He is never rushed, and he consistently goes above and beyond the call of duty to help you when you're not well. He is up-to-date on new studies, and is not stuck in the "old way" of doing things. He remembers everything about you and will talk to you like an old friend! He really knows his stuff. I moved an hour away from his practice when I got married, yet I still choose him as my general care practitioner. It is worth the extra drive to get great individualized attention. Dr. Tremblay also believes in a lot of alternative therapies, so that is another plus.” -Anonymous

“My mother has been going to this office for years. Absolutely love it.” -Jude, Somerville, MA

“Dr. Tremblay is an amazing doctor and an all around good person.” -John W.
